

U7 Initiation Report

AGM summary for U7

Well, what an awkward year to give a sum up on. U7 was not without its challenges with Covid this year but I think we came together and made the best of a strange and different way of being on the ice.

As it was my 1st time managing I do not have any other year to compare it to. We did have a bit of rocky start with getting coaching organized but we figured it out and will have a better system going forward. Overall, we had a great season. Kids did have improvements on ice & overall had fun.
