

CVMHA – Coaching Coordinator 2021/22 Report.

To: CVMHA Membership

From: Cam Knox – CVMHA Coaching Coordinator

I joined the association as Coaching Coordinator partway through the season. Since then, I've had the pleasure and opportunity to work alongside some amazing coaches with a key focus on station-based practices and skill development. My primary focus upfront was on the U7/U9 divisions. Ensuring that coaches had access to practice plans and equipment to run effective and engaging practices. I provided on-ice mentorship to coaches in the younger divisions and built partnerships with neighboring associations to share coaching and development opportunities. The focus for next season will be to attract and develop coaches to our association and build on the station-based skill development approach prescribed by Hockey Canada. Below are some key highlights for the 2021/2022 season:

- Organized 2021/22 CVMHA Coaches Conference – Introduction, expectations, connections.

- Established a CVMHA Coaching Connection through Team Snap

- Sent out weekly practice plans for U7/U9

- Coach (Lead) for U7 Major

- Restructuring of U9 division to Skill Based Cohorts

- Restructured U9 Practices to Skill Based stations

- Head coach – Female Development

Engaging and developing new female coaches
Head coach for Beginner, Intermediate and Advanced Power Skating
