

It was an exciting year in U9 with just over 100 kids registered! Players showed immense improvement throughout the year. Station-based practices were pre-planned with appropriate adaptations provided to accommodate all players' needs. This planning and preparation was shared with all coaches weekly and allowed for optimal coach preparation & development and uniform development opportunities for players.

All players that wanted to attend an out of town jamboree got the opportunity to attend one, as we attended jamborees in Port Alberni, Campbell River, Lake Cowichan, Nanaimo & Victoria. We also hosted a very successful Family Day Classic at Glacier Gardens Feb.18-20th. There was a ton of positive feedback and a lot of smiles. It was a fun-filled season and we took full advantage and appreciation of all COVID related restrictions being lifted this year. Enjoy the off-season and see you in September!
